process of converting inputs into desired outputs. More specifically, it is the management of the conversion

~~Introduction to~~

~~Operations~~

~~Management 1~~

Operations is what businesses do.

Operations are processes that either

Download

Ebook 1

provide services or
create goods.

Operations take place
in businesses such as
restaurants, retail
stores, supermarkets,
factories, hospitals,
and colleges and
universities. In fact,
they take place in
every business
organization.

~~Production and Operations Management—An Overview ...~~

The common thread is that each organization has an

Download

Ebook 1

operations function, or operations, for short.

The operations function is the collection of people, technology, and systems within an organization that has primary responsibility for providing the organization's products or services.
