Lonely Planet enables the curious to experience the world fully and to truly get to the heart of the places they find themselves, near or far from home. TripAdvisor Travellers' Choice Awards 2012, 2013, 2014, 2015 and 2016 winner in Favorite Travel Guide category 'Lonely Planet guides are, quite simply, like no other.' - New York Times 'Lonely Planet. It's on everyone's bookshelves: it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia) Important Notice: The digital edition of this book may not contain all of the images found in the physical edition.

Captures the rich diversity of human life as it examines more than two hundred ethnic groups, large and small, around the world, through a visual study of beliefs, traditions, lifestyles, and environmental conditions.

Life on earth will come to an end. It's just a matter of when. A Guide to the End of the World focuses on the many potential catastrophes facing our planet and our species in the future, and looks at both the probability of these events happening and our chances of survival. Coverage extendsfrom discussion of the likely consequences of the current global warming to the inevitable destruction of the earth in the far future, when it is enveloped by our giant, bloated sun. In between, other 'end of the world scenarios' will be examined, including the New Ice Age, asteroid and cometimpact, supervolcanoes, and mega-tsunami.

What is the world of the 21st century like now that the centrality of the West is no longer given? How were the societies and cultures of today's world together with their interconnections forged, and what is driving human society in our times? In short, what is the state of the world today as we enter the second decade of the 21st century? This is the first book which deals with planetary human society as whole. It is a beginner's guide to the world after the West and after globalization, compact, portable, and jargon-free. It is aimed at everybody who, even with experience, has kept a beginner's curiosity of the world, to everybody who does not know everything they want to know about it, about the good, the evil, and the salvation of the world. It lays bare the socio-cultural geology of the world, its historical waves of globalization, its family-sex-gender systems, and its pathways to modernity. It outlines the dynamics of the world, its basic drives, the contours of its most important global and sub-global processes. It presents the big team players on the world stage, populous as well as rich countries, missions and movements as well corporations and cities. It traces the life-courses of men and women on all the continents, from their birth and childhood to their old age, and their funeral.

Lonely Planet: The world's leading travel guide publisher\* When we travel, it's often love at first bite. Food Lover's Guide to the World presents a lifetime of eating experiences that will lead you from one end of the globe to the other. Contains alphabetical listings of books for young adults separated into five categories with author, year of earliest publication and suggested grade levels included. Designed for use by teens, parents, educators, other adults and those for whom English is a second language.

Create a world-changing venture. Silicon Valley's latest trend for creating new ventures is based on trial and error: test market needs with new product concepts and a minimum amount of capital, expect that the product may not meet the market need, so fail fast and try another product with the hope that a product-market fit will eventually emerge. But this fail fast, step-and-pivot philosophy is like taking a random walk in the forest without a compass. If You Really Want to Change the World is about helping entrepreneurs find true north. Henry Kressel and Norman Winarsky-technologists, inventors, and investors with stellar track records-provide a guide for those who wish to create a market-leading company that will have a real impact: a disciplined and staged approach they have used to launch, invest in, and develop scores of highly successful companies. If You Really Want to Change the World leads entrepreneurs through the critical stages of venture development, from concept to acquisition or public offering to maintaining a rich culture of innovation in the company. It is a guide by innovators for innovators, with approaches that are practical and timeless. Drawing on the authors' experiences as well as those of their partners from around the world, Kressel and Winarsky share the stories of their triumphs and misses, demonstrate their method in action, and inspire their readers in the process. There are more opportunities now than ever before to build breakthrough companies that touch millions of lives. If this is your goal, let this book be your guide to creating world-changing ventures.

It's Party Time! - The Rough Guide World Party is a detailed guide to the world's best events and festivals. If you've ever thought of partying in Rio, throwing tomatoes in Spain or riding a camel in Pushkar, this guide is for you. Full-colour throughout with detailed accounts of each major festival and insider tips on how best to enjoy each one. The useful 'festival keys' will help you to find the perfect world festival, from the best music, food and arts festivals to long-established religious celebrations to less ancient raves and fruit-throwing events. The guide comes complete with a festival map and calendar with background details and timings for each event. If you love a party The Rough Guide World Party is for you. Join the party at worldparty.roughguides.com

A stunning and definitive spice guide by the country's most sought-after expert, with hundreds of fresh ideas and tips for using pantry spices, 102 never-before-published recipes for spice blends, gorgeous photography, and breathtaking botanical illustrations. Since founding his spice shop in 2006, Lior Lev Sercarz has become the go-to source for fresh and unusual spices as well as small-batch custom blends for renowned chefs around the world. The Spice Companion communicates his expertise in a way that will change how readers cook, inspiring them to try bold new flavor combinations and make custom spice blends. For each of the 102 curated spices, Lev Sercarz provides the history and origin, information on where to buy and how to store it, five traditional cuisine pairings, three quick suggestions for use (such as adding cardamom to flavor chicken broth), and a unique spice blend recipe to highlight it in the kitchen. Sumptuous photography and botanical illustrations of each spice make this must-have resource as beautiful as it is informative.

An up-to-date handbook providing an overview of every country in the world. Maps and geographical details are given along with the historical and contemporary social, economic, religious and political issues that shape each country. Also provides economic and social indicators, such as GDP and life expectancy, and hundreds of useful web links.
