I SPEAK OF FREEDOM Kwame Nkrumah The Political independence of Ghana in 1957became the catalyst of freedom in many other African countries.

Ghana has always held a position of primacy in the African political and historical imagination, due in no small part to the indelible impression left president Kwame Nkrumah. This study examines the symbolic strategies he used to construct the Ghanaian state through currency, stamps, museums, flags, and other public icons.

For more than a thousand years, from A.D. 500 to 1700, the medieval kingdoms of Ghana, Mali, and Songhay grew rich on the gold, salt, and slave trade that stretched across Africa. Scraping away hundreds of years of ignorance, prejudice, and mythology, award-winning authors Patricia and Fredrick McKissack reveal the glory of these forgotten empires while inviting us to share in the inspiring process of historical recovery that is taking place today.

When a beautiful princess refuses to marry the prince her father has chosen, her father is furious and locks her in a tower. She has seven long years of solitude to think about her insolence. But the princess is not entirely alone - she has her maid, Dashti. Petulant and spoilt, the princess eats the food in their meagre store as if she were still at court, and Dashti soon realises they must either escape or slowly starve. But during their captivity, resourceful Dashti discovers that there is something far more sinister behind her princess's fears of marrying the prince, and when they do break free from the tower, they find a land laid to waste and the kingdom destroyed. They were safe in the tower, now they are at the mercy of the evil prince with a terrible secret. Thrilling, captivating, and a masterful example of storytelling at its best. The princess's maid is a feisty and thoroughly modern heroine, in this wonderfully timeless story.
