The Eleventh is investigating a rift in space-time in the present day. And one other – the man they used to be but never speak of – is fighting the Daleks in the darkest days of the Time War. Driven by demons and despair, this battle-scarred Doctor is set to take a devastating decision that will threaten the survival of the entire universe... a decision that not even a Time Lord can take alone. On this day, the Doctor's different incarnations will come together to save the Earth... to save the universe... and to save his soul.

The Eleventh Doctor and Clara land on an unknown alien planet. To the Doctor's delight and Clara's astonishment, it really is unknown. It's a planet the Doctor has never seen. Meet the women who run the Whoniverse. From Sarah Jane Smith to Bill Potts, from Susan Foreman to the Thirteenth Doctor, women are the beating heart of Doctor Who. Whether they're facing down Daleks or thwarting a Nestene invasion, these women don't hang around waiting to be rescued – they roll their sleeves up and get stuck in. Scientists and soldiers, queens and canteen workers, they don't let anything hold them back. Featuring historical women such as Agatha Christie and Queen Victoria alongside fan favourites like Rose Tyler and Missy, The Women Who Lived tells the stories of women throughout space and time. Beautifully illustrated by a team of all-female artists, this collection of inspirational tales celebrates the power of women to change the universe.

Old legends and new worlds collide in this magnificent Doctor Who crossover with King Arthur and His Knights of the Round Table. While investigating a strange energy in Carbury, the Tenth Doctor and Donna Noble are pulled into a different dimension, smashing a giant hole into another world in the process. As the magic of the hidden dimension slowly seeps out, the Doctor and Donna find themselves in Camelot, where a young squire, Arthur, comes to their aid, and when the Doctor is mistaken for Merlin, they are swept up in the glamorous and daring legends of the Knights of the Round Table. But something far more menacing has been awakened. Caught in an ancient battle for power, Donna and the Doctor are sucked into a dangerous game. As each move is made and time spins faster, the Doctor must find a way to seal the rift before an unimaginable power is unleashed and the universe is laid to waste.

A unique collection of more than 100 never-before-seen letters, notes, and jottings both by and to the Doctor—correspondence by turns entertaining and inspiring, funny and flippant, brilliant and incredible drawn from all fifty-two years of the show. No one could travel through history—past present and future—as much as the Doctor does without leaving an impression. Much of what we know about this mysterious figure comes from what he does— the planets he saves and the monsters he defeats. But until now we've had little knowledge of his writings. These rich and diverse documents paint an extraordinarily detailed picture of the Doctor and include his plea to the Time Lords to help end the War Games, an extract from the written defense he submitted at his subsequent trial, his application for the post of Caretaker at Coal Hill School, his apology to the Queen for missing dinner, even telepathic messages to the High Council on Gallifrey and his famous letter to Santa Claus. Like the Doctor himself, the mood can change in an instant. The Time Lord Letters captures the best and most dramatic moments of an impossible life. You'll never see the Doctor in quite the same way again.
