the fence. Fireflies! "Don't let your dinner get cold,"

Fireflies by Julie Brinckloe is my favorite to use for this genre and it's such a great mentor text for several reasons! Most kids can relate to catching bugs. If not fireflies, some kids love to catch ants, butterflies, and other little critters.

A gentle story and warm pictures capture the joyous freedom of a summer night.

A young boy is proud of having caught a jar full of fireflies, which seems to him like owning a piece of moonlight, but as the light begins to dim he realizes he must set the insects free or they will die.

"Simple text and full-color photos explain the habitat, life cycle, range, and behavior of fireflies"--Provided by publisher.

"[In] a revision of the 1963 edition, [a] brief, clearly written text [tells of a young girl who] learns some interesting facts about fireflies from her grandfather. Twelve people set aside their fears and ride a roller coaster, including one who has never done so before.

Seeking a new home where to feel safe, fireflies embark on a difficult journey and will learn that there is always a light at the end of the way. In the blink of an eye, the fireflies are forced to leave their field.

Without a home, without food, and without a future,

the fireflies made a decision. They packed their bags, and for the first time ever in the history of their species, they set off in search of the light at the end of the way. They all left together. Grandparents, children, parents ... entire families fly together and undertake the journey guided by that sparkling light that shines beyond. But it's a difficult journey, full of seemingly impossible obstacles, which only the love that binds the family together can overcome. This emotional tale of feelings and identity leads us through the darkness into the light of a better future. Don't miss the book trailer! Read the first pages of Fireflies here below:

What is a first draft? What is a narrative? In *S is for Story: A Writer's Alphabet*, author and writing coach Esther Hershenhorn uses the alphabet to help explain, explore, and examine the tools, techniques, and strategies for those hoping to live the literary life. Writing terms and topics are explained using a two-tier format. C is for the Character, every story's star, the one for whom we cheer, we care, with whom we travel far. Specific genres, story elements (setting and plot), and the mechanics of how to write (including editing and revision) are covered, while quotes from famous authors provide examples of the writer's thought process. Budding writers of all ages will be inspired to put pen to paper (or fingers on keyboards)! Author, and writing coach, Esther Hershenhorn admits *S is for Story* is the book she wishes she'd owned as a little girl, dreaming of a writing career. She lives in Chicago, where she teaches Writing for Children at the University of Chicago's Writer's Studio and the Newberry Library.
