Forty-nine poems on a variety of subjects include "A Letter to Santa," "Fairy Scissors," and "Summer Showers."

This book deals with the so-called Blessing of Jacob" (Genesis 49) in all its aspects, discussing philological, literary and historical problems.After an introductory chapter a thoroughly discussed translation of Genesis 49 and an analysis of its poetical structure are presented, followed by the discussion of the genre-definition "tribal saying" (Stammesspruch), and a synchronic and diachronic analysis of Genesis 49 in its literary context (Gen. 47:29-49:33). The remarkable results of this analysis are finally discussed in relation to Israel's history.It is suggested that only part of the "Blessing" functioned within the (originally much shorter) deathbed account (Gen. 47:29-49:33*), reflecting the historical situation of the time of origin. Afterwards it was thoroughly worked up into its present shape to meet the conditions of later political development."

This is a fresh, exciting collection of fifty poems from a rising star. Frederick provides a unique perspective with his poems, often thought-provoking and insightful into the mind behind the works, whilst dealing with controversial themes or current topics maturely and sensitively. Forty-nine of the fifty poems included are his personal favorites that he has written, and the fiftieth poem is a world exclusive, 'A Heart In A Western Field'.

Gabriel Garcia Marquez is right! Unrequited love is what moves the earth and the sky for me. And maybe for you. I hope not all of your love remains unrequited. To gain anything worthwhile in life, one has to risk much. This book is an autobiography which delves into the pain as well as the nobility of the pursuit of love which can only occur once in a lifetime. This book contains 55 poems, all of them springing from the deepest emotions of my life. This work centers on passion in its many guises, from love to lust. The purpose of this book is to demonstrate that there can be no limits to desire and no regrets unless a lover does not follow his/her heart. For the fortunate person whose love has been taken to the limits and then been fully reciprocated finally by a lover, this book might not make a lot of sense. To those of us who are still believers in finding our missing halves, I hope this book inspires. To those who have become discouraged, rejected, or too timid to listen to your hearts, I ask you to read this book and stay open to the possibility that your lover could walk into your life as early as the next minute. Your heart will tell you. Listen to your heart.

A groundbreaking illumination of the creation and reception of extant erotic poetry written in Latin during the Middle Ages

Exploring traditional poems alongside new examples, this Introduction conveys the rich rewards that come with reading German poetry.

This volume focuses on the origin of the early Tamil poetical canon, which constitutes basic poetical themes which are called *tiṉai*. The author builds upon an idea of a Russian scholar O. Freidenberg that literary forms ‘originate from anti-literary material rather than their own archetypes’.
