GAGGIA GELATIERA makes great tasting ice cream. It's motorised paddles churns the ice cream well and leaves it smooth and creamy. The machine is ready to use in 10 minutes and produces 600 grammes of ice cream. It also comes with an additional bowl which means that you can make multiple batches of ice cream. GELATIERA is easy to operate and clean.

This is a Gaggia Gelateria ice cream maker from the early 80's. While small in size, it's a very heavy italian made machine. It's significant weight (nearly 50lbs) is due to the built-in refrigeration system. In most ice cream makers you need to either pre-freeze a water lined bowl, or use rock salt and ice to cool the ice cream mixture.
