I am working on a Hesston  
540 round baler and had a  
few questions about the  
hydraulic bale tension  
system operation. Mainly-  
the belts are getting loose  
when the lowering the  
tailgate. I mean loose  
enough the hang down between  
the tailgate and pickup.  
This is when raising and  
lowering the tailgate with  
no hay in the chamber. Have  
a pressure gauge on it and

Re: Hesston 530

Baler----make firmer  
bales??? in reply to GHH,  
12-27-2006 06:35:16 Ya, lets  
get some conversation going  
about these machines, I am  
thinking about picking up  
and 8420 Case-IH, wish I  
could find an 8430 or a 540  
hesston, as they make a  
tighter heavier bale, but  
they bring more money too.
