Martin Wight - Wikipedia
International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory: e.g., an adherent ...

International relations theory - Wikipedia
It underlines the English school tradition of realism and Machtpolitik (power politics) and puts international anarchy at the centre of International Relations Theory. Hedley Bull defined the international system as being formed " when two or more have sufficient contact between them, and has sufficient impact on one another's decisions to cause them to behave as part of a whole.
