Komet Kart Engines Reed Valve -
oydna.ufc-202-live.co

Not to be confused with the K55 of 1964, this engine is basically a reed valve version of the K80 mainly aimed at the American market. Komet K29 – 1981 For the 1981 season the CIK changed the formula for International karting increasing the engine capacity to 135cc. This demanded a completely new engine that was developed by IAME under the

The crankshaft was developed from a totally new design (without plastic stuffers) and was fabricated as a one-off unit for testing. It utilized a billet 96mm connection rod from the IAME racing department ' s international Komet rotary valve kart engine program. The piston assembly was adapted from a Yamaha bike engine and featured two rings.
