(PDF) A STRATEGIC APPROACH OF MANAGEMENT ACCOUNTING

Strategic focus is a business imperative but not something that all businesses fully understand. Thinking strategically requires identifying a desired end state, considering all of the impacts (positive and negative) that might affect the achievement of that end-state and coming up with strategies (general plans for leveraging strengths and opportunities, or overcoming weaknesses and threats) to achieve results.

What Is Strategic Focus? | Bizfluent

As such it involves the application of accounting and financial management to create, protect, preserve and increase value for the stakeholders of the organisation concerned. The managerial processes of planning, decision making and control . The main functions that management are involved with are planning, decision making and control. Planning
