The basis of two bestselling computer games Metro 2033 and Metro Last Light, the Metro books have put Dmitry Glukhovsky in the vanguard of Russian speculative fiction alongside the creator of Night Watch, Sergei Lukyanenko. A year after the events of METRO 2033 the last few survivors of the apocalypse, surrounded by mutants and monsters, face a terrifying new danger as they hang on for survival in the tunnels of

the Moscow Metro. Featuring blistering action, vivid and tough characters, claustrophobic tension and dark satire the Metro books have become bestsellers across Europe.

THE OUTPOST THE METRO 2033 SAGA COMES TO AMERICA From the mastermind of the world-famous post-apocalyptic METRO saga Dmitry Glukhovsky - now a new story set in America! It's been decades since the Last War ravaged the entire Earth, devastating cities, wiping out entire nations and decimating the mankind. While on the other end of the planet the few survivors are hiding in the tunnels of subway, back in America it's the age of Frontier again. Those who made it from nuclear flames of enemies' bombs and survived pandemics that followed have found their only refuge in the Outposts - fortresses constructed on America's only remaining road - the railway. The Outpost of Plattsburgh sits on the frontier of great wastelands, on the very edge of darkness. And out of this darkness, anything can come, lured by the light and the human warmth... Janis is just seventeen. All she dreams about is to hop onboard of an ironclad train and run away to the flourishing South - and start a new life there. She's free to go - and yet she's tied to the Outpost forever...

World War Three wiped out the humankind. The planet is empty now. Huge cities became dust and ashes. Railroads are being eaten by rust. Abandoned satellites hang lonely on the orbit. Radio is mute on all the frequencies. The only survivors of the last war were those who made it into the gates of the Metro, the subway system of Moscow city. It's there, hundreds of feet below the ground, in the vaults of what was constructed as the world's largest air-raids shelter that people try to outlive the end of the days. It's there that they created a new world for themselves. The stations of Metro became city-states, and its citizens, torn apart by religions and ideologies are fighting for the now scarce commodities: air, water, and space. This tiny underground world can only remind humans of an immense world they once were the masters of. It's been twenty years past Doomsday, and yet the survivors refuse to give up. The most stubborn of them keep cherishing a dream: when the radiation level from nuclear bombings subsides, they will be able to return to the surface and have the life their parents once had. But the most stubborn of the stubborn continues to search for other survivors in this huge emptiness that once was called Earth. His name is Artyom. He would give anything to lead his own people

From the underground onto the surface. And he will. * * * METRO 2035 continues and terminates the story of Artyom, the hero of the original Metro 2033 book and the Metro video games. Millions of readers across the world have been waiting for this novel for the long ten years. For those who have been following Artyom's adventures from the very beginning, Metro 2035 will deliver the concluding powerful part of the saga, with the ultimate part of the puzzle that can't be found anywhere else. For the new readers, Metro 2035 will become an excellent introduction into this unique fiction universe that has millions of fans across the world. * * * Dmitry Glukhovsky's METRO novels have already sold millions of copies in 37 languages. They have also become a basis of cult video games 'Metro 2033' and 'Metro Last Light', and the film rights were optioned by a Hollywood studio. * * * Behind the tense plot and the dark ambience of Metro 2035, there's yet another level: that of social dystopia and political satire. Metro metaphorically paints a pitiless picture of today's Russia, that is being overcast again by the dark shadows of its gruesome past. Do Russians need freedom? Do they want a war? Can they survive without an enemy? Who's to blame and can anything be done about it? Eternal questions. Fresh answers.

The New York Times and USA Today bestselling series They dive so humanity survives ...

Read Book Metro 2033 The Gospel According To Artyom A Link To Metro 2034

More than two centuries after World War III poisoned the planet, the final bastion of humanity lives on massive airships circling the globe in search of a habitable area to call home. Aging and outdated, most of the ships plummeted back to earth long ago. The only thing keeping the two surviving lifeboats in the sky are Hell Divers—men and women who risk their lives by skydiving to the surface to scavenge for parts the ships desperately need. When one of the remaining airships is damaged in an electrical storm, a Hell Diver team is deployed to a hostile zone called Hades. But there's something down there far worse than the mutated creatures discovered on dives in the past—something that threatens the fragile future of humanity.

This enduring work of Russian spirituality has charmed countless people with its tale of a nineteenth-century peasant's quest for the secret of prayer. Readers follow this anonymous pilgrim as he treks over the Steppes in search of the answer to the one compelling question: How does one pray constantly? Through his journeys, and under the tutelage of a spiritual father, he becomes gradually more open to the promptings of God, and sees joy and plenty wherever he goes. Ultimately, he discovers the different meanings and methods of prayer as he travels to his ultimate destination, Jerusalem. The Way of a Pilgrim is a humble story ripe for

Read Book Metro 2033 The Gospel According To Artyom A Link To Metro 2034

renewed appreciation today. The recent changes in Russia have revealed the great religious traditions of that land, and this work, freshly translated for modern times, is among the finest examples of those centuries-old traditions.

Sketching from the Imagination: Monsters & Creatures showcases sketches and insights by fifty artists from the field of creature design.

Cosmogony is no less full of riddles than the history of Earth. And where there are riddles, there is room for fantasy. One such riddle that excited me was the ring of asteroids (minor planets) between the orbits of Mars and Jupiter instead of the planet, as predicted by Kepler's law, which had exploded for some unknown reason, scattering fragments all round its orbit. How could that have happened? This was the stimulus for me as a novelist to write my trilogy The Faetians. The reader will learn all about it in the novel as he follows the lives of the characters, who witnessed unprecedented catastrophes.

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to

Read Book Metro 2033 The Gospel According To Artyom A Link To Metro 2034

Five Decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.
