First, download Office Lens OCR from the App Store and install it on your iDevice. Permit to access your camera and follow the following step-by-step guide to scan a paper document then edit it with Word for iOS. Step 1: From the Microsoft lens OCR, navigate over the selector dial above the shutter button and select "Document". Then point the camera on your iDevice towards the document with as clear of a shot of the text as possible, and watch carefully as Office lens OCR frames the document.
