In other words, taking from 1 person to give to 2 other people, although increasing overall happiness, does not qualify as Utilitarian act because it is no decent to take what does not belong to you. Read more

Utilitarianism, On liberty and Essay on Bentham, together ...
Of course, there are exceptions, cases in which the maximization of utility seems to call for limits on liberty. Sometimes, the restrictions are paternalistic, meaning they are imposed for the good of the person whose liberty is limited. Other times, the restrictions are imposed in order to benefit others.

Mill on Liberty and Utilitarianism
On Liberty is a philosophical essay by the English philosopher John Stuart Mill.Published in 1859, it applies Mill's ethical system of utilitarianism to society and state. Mill suggests standards for the relationship between authority and liberty.He emphasizes the importance of individuality, which he considers prerequisite to the higher pleasures—the summum bonum of utilitarianism.

Previous edition: published as On liberty and other essays. 1991.

These two essays by John Stuart Mill, England's greatest nineteenth-century philosopher, are the fruit of six hundred years of progressive thought about individual rights and the responsibilities of society. Together they provide the moral and theoretical justification for liberal democracy as we know it, and their incalculable influence on modern history testifies not only to the force of their arguments, but also to the power ideas can have over human affairs.

These two essays by John Stuart Mill, England's greatest nineteenth-century philosopher, are the fruit of six hundred years of progressive thought about individual rights and the responsibilities of society. Together they provide the moral and theoretical justification for liberal democracy as we know it, and their incalculable influence on modern history testifies not only to the force of their arguments, but also to the power ideas can have over human affairs.

In his much quoted, seminal work, On Liberty, John Stuart Mill attempts to establish standards for the relationship between authority and liberty. He emphasizes the importance of individuality which he conceived as a prerequisite to the higher pleasures-the summum bonum of Utilitarianism. Published in 1859, On Liberty presents one of the most eloquent defenses of individual freedom and is perhaps the most widely-read liberal argument in support of the value of liberty.

The writings of John Stuart Mill have become the cornerstone of political liberalism. Collected for the first time in this volume are Mill ' s three seminal and most widely read works: On Liberty, The Subjection of Women, and Utilitarianism. A brilliant defense of individual rights versus the power of the state, On Liberty is essential reading for anyone interested in political thought and theory. As Bertrand Russell reflected, " On Liberty remains a classic . . . the present world would be better than it is, if [Mill ' s] principles were more respected. " This Modern Library Paperback Classics edition includes newly commissioned endnotes and commentary by Dale E. Miller, and an index.

"The object of this essay is to explain as clearly as I am able, the grounds of an opinion which I have held from the very earliest period when I had formed any opinions at all on social or political matters, and which, instead of being weakened or modified, has been constantly growing stronger by the progress of reflection and the experience of life: That the principle which regulates the existing social relations between the two sexes- the legal subordination of one sex to the other- is wrong in itself, and now one of the chief hindrances to human improvement ; and that is ought to be replaced by a principle of perfect equality, admitting no power or privilege on the one side, nor disability on the other."--Page 1.

A prodigiously brilliant thinker who sharply challenged the beliefs of his age, the political and social radical John Stuart Mill was the most influential English-speaking philosopher of the nineteenth century. Regarded as one of the sacred texts of liberalism, his great work On Liberty argues lucidly that any democracy risks becoming a 'tyranny of opinion' in which minority views are suppressed if they do not conform with those of the majority. Written in the same period as On Liberty, shortly after the death of Mill's beloved wife and fellow-thinker Harriet, The Subjection of Women stresses the importance of equality for the sexes. Together, the works provide a fascinating testimony to the hopes and anxieties of mid-Victorian England, and offer a compelling consideration of what it truly means to be free.

Presents the text of four essays by nineteenth-century English philosopher and economist John Stuart Mill, and includes textual and explanatory notes, chronology, and introduction.
