The story of the eventful and controversial life of Margery Kempe - wife, mother, businesswoman, pilgrim and visionary - is the earliest surviving autobiography in English. Here Kempe (c.1373-c.1440) recounts in vivid, unembarrassed detail the madness that followed the birth of the first of her fourteen children, the failure of her brewery business, her dramatic call to the spiritual life, her visions and uncontrollable tears, the struggle to convert her husband to a vow of chastity and her pilgrimages to Europe and the Holy Land. Margery Kempe could not read or write, and dictated her remarkable story late in life. It remains an extraordinary record of human faith and a portrait of a medieval woman of unforgettable character and courage.

A fresh and contemporary translation of one of the best loved and influential mystical texts of all time, The Showings of Julian of Norwich brings the message and spirituality of this 14th century mystic to 21st century readers. Julian of Norwich, a contemporary of Geoffrey Chaucer, was an English anchoress in East Anglia. At the age of 30, suffering from a severe illness and believing she was on her deathbed, Julian had a series of intense visions of Jesus, which she recorded and then expanded on later in her life. Her message for today's readers is simply this: She reveals the feminine face of the Divine and reminds us to see God there. All our failings are an opportunity to learn and grow; that they should be honored, but not dwelled upon. God's love has nothing to do with love and retribution and everything to do with love and compassion. In spite of all appearances, all is well.

A wide-ranging collection of writings by and about religious women presenting some of the most original and compelling literature of the middle ages.Highlights of this edition include Marguerite Porete's allegorical poem 'The Mirror of Simple Souls', a dialogue between Love and Soul that was condemned as heretical; an account by a male ecclesiastic of Christine the Astonishing, who was resurrected at her own funeral; and the revelations received by Bridget of Sweden, the first woman to found a religious order.

For centuries readers have comfortably accepted Julian of Norwich as simply a mystic. In this astute book, Denys Turner offers a new interpretation of Julian and the significance of her work. Turner argues that this fourteenth-century thinker's sophisticated approach to theological questions places her legitimately within the pantheon of other great medieval theologians, including Thomas Aquinas, Bernard of Clairvaux, and Bonaventure.Julian wrote but one work in two versions, a Short Text recording the series of visions of Jesus Christ she experienced while suffering a near-fatal illness, and a much expanded Long Text exploring the theological meaning of the 'showings' some twenty years later. Turner addresses the apparent conflict between the two sources of Julian's theology: on the one hand, her personal revelation of God's omnipotent love, and on the other, the Church's teachings on and her own witnessing of evil in the world that deserves punishment, even eternal punishment. Offering a fresh and elegant account of Julian's response to this conflict—one that reveals its nuances, systematic character, and originality—this book marks a new stage in the century-long rediscovery of one of the English language's greatest theological thinkers.

Julian of Norwich is among the most intriguing religious visionaries in Christian history.

Contains The Cloud of Unknowing, The Mystical Theology of Saint Denis, The Book of Privy Counselling, and An Epistle on Prayer. Against a tradition of devotional writings which focussed on knowing God through Christ's Passion and his humanity, these texts describe a transcendent God who exists beyond human knowledge and human language. These four texts are at the heart of medival mystical theology in their call for contemplation, calm, and above all, love, as the way to understand the Divine.
