'Situational Judgement Test for the Foundation Years Programme' has been specially designed to help you achieve the highest possible mark in the UKFPO SJT exam. This 2nd edition, in line with the latest GMC Good Medical Practice 2013 Guidelines, contains a wide range of SJT scenarios to ensure that all the core Foundation Programme competencies are comprehensively covered. The SJTs contained in this book have been through a rigorous appraisal process that brought together the experiences of over 50 doctors from varying levels and specialities, including multiple Foundation Training Programme Directors. This ensured that the scenarios, and their respective responses, were valid and relevant to both the SJT exam, and the Foundation Programme curriculum. The book also involved professionals with backgrounds inclusive of medical law, medical ethics, psychology and medical education, all of whom helped in sewing together realistic and challenging scenarios with valuable learning points. The questions in this book were piloted amongst junior doctors to further help validate the consistency of the responses. The explanations provided in this book are supported by numerous references to the GMC guidelines, in order to maximise their reliability, and provide a clear rationale for the correct answers. A number of the doctors who participated in the design of this book had firsthand experience of the National SJT Pilot Exam, and thus provided a unique insight into question format, style and design. This book not only offers valuable exam practice, but also equips the reader with the skills, aptitude and knowledge base to effectively cope with complex scenarios as they move on to their working life.

A one-stop guide to the SJT. Written by Foundation Years' doctors who have recently sat and passed the SJT Co-written and quality assured by Professor of Medical Education for Clinical Practice and Dean for Students, Barts and the London School of Medicine and Dentistry.

The Situational Judgement Test at a Glance provides a sound introduction to the SJT and details ways you can prepare before the assessment. It includes worked case examples based on real-life scenarios which have been reviewed by experienced clinicians and examiners. The book draws out key aspects of professional practice relevant to the role of a junior doctor. This is based on the nine domains as outlined by the ISFP (Improving Selection to Foundation Programme), who detailed the behaviours necessary to be a competent Foundation Doctor. The overall aim of The Situational Judgement Test at a Glance is not to spoon feed hundreds of practice questions or reams of guidelines, but to steer you towards a logical way of approaching best medical practice – and therefore the SJT – with many examples of doctors' personal experiences along the way. Challenging scenarios are analysed using guidelines from the General Medical Council and research interviews with patients, lab staff and healthcare professionals. All examples in the book are worked in a test-style apparatus, with questions on one side and detailed answers over the page so you can understand the reasoning behind the material.

The Dental Foundation Interview Guide: with Situational Judgement Tests offers an indispensable step-by-step guide to the dental foundation training application process.
