Children who have autism require comprehensive educational and treatment services. There are a myriad of approaches currently recommended to practitioners and parents, but little is known about their efficacy. Which are the most effective in teaching skills, overcoming behavior challenges, and improving

Read Book Sra Distar Math

quality of life? Methods must be based in research settings, but be easily extended to real world settings where children with autism live, go to school, socialize, and recreate. Identifying and validating effective practices is a complex and multi-faceted process, but an essential one for responsible research and practice. This book brings together multiple and contemporary perspectives on intervention effectiveness for autism education and behavior support. With contributors from a variety of disciplines and orientations, *Effective Practices for Children with*

Read Book Sra Distar Math

Autism presents a critical appraisal of current practice standards, emphasizing empirically supported procedures and research-to-practice applications. By bringing together a diverse group of authors, the editors have ensured that the vast field of information on interventions for children with autism is thoroughly examined, and that no topic has gone untouched. Written for practitioners, research scientists, and clinicians, the book is an essential framework for evaluating educational and treatment procedures, selecting those that are most effective, and

evaluating outcomes.

A #1 bestseller on Amazon for early childhood education with more than half a million copies in print, *Teach Your Child to Read in 100 Easy Lessons* will give your child the reading skills needed now for a better chance at tomorrow, while bringing you and your child closer together. Is your child halfway through first grade and still unable to read? Is your preschooler bored with coloring and ready for reading? Do you want to help your child read, but are afraid you'll do something wrong? *Teach Your Child to*

Read Book Sra Distar Math

Read in 100 Easy Lessons is a complete, step-by-step program that shows parents simply and clearly how to teach their children to read. Twenty minutes a day is all you need, and within 100 teaching days your child will be reading on a solid second-grade reading level. It's a sensible, easy-to-follow, and enjoyable way to help your child gain the essential skills of reading. Everything you need is here—no paste, no scissors, no flash cards, no complicated directions—just you and your child learning together. One hundred lessons, fully illustrated and color-coded for clarity,

Read Book Sra Distar Math

give your child the basic and more advanced skills needed to become a good reader.

SRA Connecting Maths Concepts Comprehensive Edition has been revised for Levels A-F and students in Grades K-5. This program gives students who are at-risk of falling behind or who have already significantly fallen behind the chance to catch up and learn significant mathematics. New digital resources accompany the program including Practice Software, Board Displays and eBook Teacher Guides and Presentation Books.

Contains a remedial mathematics program for grades K-5.

This report focuses on a family of interventions that includes all "Direct Instruction" products ("DISTAR" and "Language for Learning"). "Direct Instruction" was used to refer to this family of interventions, as well as to all versions past and present. "Direct Instruction" includes teaching techniques that are fast-paced, teacher-directed, and explicit with

Read Book Sra Distar Math

opportunities for student response and teacher reinforcement or correction. The What Works Clearinghouse (WWC) English Language Learners topic also reviewed the effects of a "Direct Instruction" program called "Reading Mastery" (SRA/McGraw-Hill) on the skills of children in elementary school; the findings are reported in the WWC English Language Learners intervention report "Reading Mastery/SRA/McGraw-Hill." One study of "Direct Instruction" met the WWC evidence standards with reservations. This study included 164 special education preschool and

Read Book Sra Distar Math

kindergarten children from a Child Development and Mental Retardation Center at the University of Washington in Washington state. This report focuses on immediate posttest findings to determine the effectiveness of the intervention. The WWC considers the extent of evidence for "Direct Instruction" to be small for oral language, small for print knowledge, small for cognition, and small for math. No studies that met the WWC evidence standards with or without reservations addressed phonological processing or early reading/writing. "Direct Instruction" was found to

Read Book Sra Distar Math

have no discernible effects on the oral language, print knowledge, cognition, and math skills of special education students.

(Contains 10 footnotes.)

[This publication was produced by the What Works Clearinghouse. The following studies are reviewed in this intervention report: (1)

Cole, K. N., Dale, P. S., Mills, P. E., and Jenkins, J. R. (1993). "Interaction between early intervention curricula and student characteristics."

Exceptional Children, 60(1), 17-28; (2) Cole, K. N., and Dale, P. S. (1986). "Direct language instruction and interactive language
