The New York Times bestselling author of The No Asshole Rule reads his guide on how to preserve civility, sanity, and success when facing a business world full of difficult people. Since The No Asshole Rule became a national bestseller a decade ago, Robert Sutton has been asked, in a thousand different ways, the best way to deal with an asshole.

~~The Asshole Survival Guide Audiobook by Robert I. Sutton ...~~

The guidance that Sutton does give ultimately boils down to: 1. Evaluate yourself fairly; make sure you're not the asshole 2. Check your behavior when people treat you shitty to make sure you're not the asshole 3. If you're not the asshole, avoid instantaneous acts of revenge. 4. Be nice to the asshole and try to work through possible misunderstanding.

Being around assholes, whether at work or elsewhere, can damage performance and affect wellbeing- having one asshole in a team has been shown to reduce performance by 30 to 40 percent, and research shows that rudeness spreads like a common cold. In The Asshole Survival Guide, Stanford professor Robert Sutton offers practical advice on identifying and tackling any kind of asshole - based on research into groups from uncivil civil servants to French bus drivers, and 8,000 emails that he has received on asshole behaviour. With expertise and humour, he provides a cogent and methodical game-plan to fight back. First, he sets out the asshole audit, to find out what kind of asshole needs dealing with, and asshole detection strategies. Then he reveals field-tested, sometimes surprising techniques, from asshole avoidance and asshole taxes, to mind-tricks and the art of love bombing. Finally, he explains the dangers of asshole blindness - when the problem might be yours truly.

The definitive guide to working with -- and surviving -- bullies, creeps, jerks, tyrants, tormentors, despots, backstabbers, egomaniacs, and all the other assholes who do their best to destroy you at work. "What an asshole!" How many times have you said that about someone at work? You're not alone! In this groundbreaking book, Stanford University professor Robert I. Sutton builds on his acclaimed Harvard Business Review article to show you the best ways to deal with assholes...and why they can be so destructive to your company. Practical, compassionate, and in places downright funny, this guide offers: Strategies on how to pinpoint and eliminate negative influences for good Illuminating case histories from major organizations A self-diagnostic test and a program to identify and keep your own "inner jerk" from coming out The No Asshole Rule is a New York Times, Wall Street Journal, USA Today and Business Week bestseller.

Now with a new chapter that focuses on what great bosses really do. Dr. Sutton reveals new insights that he's learned since the writing of Good Boss, Bad Boss. Sutton adds revelatory thoughts about such legendary bosses as Ed Catmull,

## Get Free The Asshole Survival Guide How To Deal With People Who Treat You Like Dirt

Steve Jobs, A.G. Lafley, and many more, and how you can implement their techniques. If you are a boss who wants to do great work, what can you do about it? Good Boss, Bad Boss is devoted to answering that question. Stanford Professor Robert Sutton weaves together the best psychological and management research with compelling stories and cases to reveal the mindset and moves of the best (and worst) bosses. This book was inspired by the deluge of emails, research, phone calls, and conversations that Dr. Sutton experienced after publishing his blockbuster bestseller The No Asshole Rule. He realized that most of these stories and studies swirled around a central figure in every workplace: THE BOSS. These heart-breaking, inspiring, and sometimes funny stories taught Sutton that most bosses - and their followers - wanted a lot more than just a jerk-free workplace. They aspired to become (or work for) an all-around great boss, somebody with the skill and grit to inspire superior work, commitment, and dignity among their charges. As Dr. Sutton digs into the nitty-gritty of what the best (and worst) bosses do, a theme runs throughout Good Boss, Bad Boss - which brings together the diverse lessons and is a hallmark of great bosses: They work doggedly to "stay in tune" with how their followers (and superiors, peers, and customers too) react to what they say and do. The best bosses are acutely aware that their success depends on having the self-awareness to control their moods and moves, to accurately interpret their impact on others, and to make adjustments on the fly that continuously spark effort, dignity, and pride among their people.

Introduces the proven rules that a company can use to promote innovation, arguing that the corporate world should hire misfits and encourage them to defy the existing culture and actively consider ideas that appear ridiculous or impractical.

Presents a history of the word "asshole" --from its use by World War II servicemen to express frustration at arrogant superiors to its first use in print by Norman Mailer to George W. Bush's use of the word to describe a journalist.

In his defining work on emotional intelligence, bestselling author Daniel Goleman found that it is twice as important as other competencies in determining outstanding leadership. If you read nothing else on emotional intelligence, read these 10 articles by experts in the field. We 've combed through hundreds of articles in the Harvard Business Review archive and selected the most important ones to help you boost your emotional skills—and your professional success. This book will inspire you to: Monitor and channel your moods and emotions Make smart, empathetic people decisions Manage conflict and regulate emotions within your team React to tough situations with resilience Better understand your strengths, weaknesses, needs, values, and goals Develop emotional agility This collection of articles includes: “ What Makes a Leader ” by Daniel Goleman, “ Primal Leadership: The Hidden Driver of Great Performance ” by Daniel Goleman, Richard Boyatzis, and Annie McKee, “ Why It 's So Hard to Be Fair ” by Joel Brockner, “ Why Good Leaders Make Bad Decisions ” by Andrew Campbell, Jo Whitehead, and Sydney Finkelstein, “ Building the Emotional Intelligence of Groups ” by Vanessa Urch Druskat and Steve B. Wolff, “ The Price of Incivility: Lack of Respect Hurts Morale—and the Bottom Line ” by Christine Porath and Christine Pearson, “ How Resilience Works ” by Diane Coutu, “ Emotional Agility: How Effective Leaders Manage Their Negative Thoughts and Feelings ” by Susan David and Christina Congleton, “ Fear of Feedback ” by Jay M. Jackman and Myra H. Strober, and “ The Young and the Clueless ” by Kerry A. Bunker, Kathy E. Kram, and Sharon Ting.

A landmark book that blazed light on one of the business world's dirtiest secrets, The Bully at Work exposed the destructive, silent epidemic of workplace bullying that devastates the lives, careers, and families of millions. In this completely updated new edition based on an updated survey of workplace issues, the authors explore new grounds of bullying in the 21st century workplace. Gary and Ruth Namie, pioneers of the Campaign Against Workplace Bullying, teach the reader personal strategies to identify allies, build their confidence, and stand up to the tormentor - or decide when to walk away with their sanity and dignity intact. The Namies' expertise on workplace bullying has been featured in such media outlets as The Early Show, CBS Radio, The Howard Stern Show, CNN, PBS, NPR, USA Today, and the Washington Post. "This is the best book on what workplace bullies do and how to stop them in their tracks. The Namie's remarkably useful and concrete advice has helped millions of people, and The Bully at Work will spread their tried-and-true wisdom to millions more." Robert I. Sutton, Stanford Professor and author of The No Asshole Rule "Sheds light on one of the business world's dirtiest secrets - corporate bullying." Dayton Business Journal "Filled with remedies for an ailment that is ravaging workplaces..." Harvey A. Hornstein, PhD

Wall Street Journal Bestseller "The pick of 2014's management books." – Andrew Hill, Financial Times "One of the top business books of the year." – Harvey Schacter, The Globe and Mail Bestselling author, Robert Sutton and Stanford colleague, Huggy Rao tackle a challenge that determines every organization 's success: how to scale up farther, faster, and more effectively as an organization grows. Sutton and Rao have devoted much of the last decade to uncovering what it takes to build and uncover pockets of exemplary performance, to help spread them, and to keep recharging organizations with ever better work practices. Drawing on inside accounts and case studies and academic research from a wealth of industries-- including start-ups, pharmaceuticals, airlines, retail, financial services, high-tech, education, non-profits, government, and healthcare-- Sutton and Rao identify the key scaling challenges that confront every organization. They tackle the difficult trade-offs that organizations must make between whether to encourage individualized approaches tailored to local needs or to replicate the same practices and customs as an organization or program expands. They reveal how the best leaders and teams develop, spread, and instill the right mindsets in their people-- rather than ruining or watering down the very things that have fueled successful growth in the past. They unpack the principles that help to cascade excellence throughout an organization, as well as show how to eliminate destructive beliefs and behaviors that will hold them back. Scaling Up Excellence is the first major business book devoted to this universal and vexing challenge and it is destined to become the standard bearer in the field.

Explains how success in life can be achieved by being mean, selfish, and disrespectful to others, using humorous anecdotes from the author's life as a guide.

A game-changing model for giving effective feedback to peers, employees, or even your boss--without offending or demotivating. How are you supposed to tell someone that they're not meeting expectations without crushing their spirit? Regular feedback, when delivered skillfully, can turn average performers into the hardest workers and stars into superstars. Yet many see it as an awkward chore: Recent studies have revealed 37% of managers dread giving feedback, and 65% of employees wish their managers gave more feedback. This trail-blazing new model eliminates the guesswork. Dr. Therese Huston, the founding director of the Center for Excellence in Teaching and Learning at Seattle University, discovered that the key to being listened to is to listen. First, find out what kind of feedback an employee wants most: appreciation, coaching, or evaluation. If they crave one, they'll be more receptive once their need has been satisfied. Then Huston lays out counterintuitive strategies for delivering each type of feedback successfully, including:

- Start by saying your good intentions out loud: it may feel unnecessary, but it makes all the difference.
- Side with the person, not the problem: a bad habit or behavior is probably less entrenched than you think.
- Give reports a chance to correct inaccurate feedback: they want an opportunity to talk more than they want you to be a good talker.

This handbook will make a once-stressful ordeal feel natural, and, by greasing the wheels of regular feedback conversations, help managers improve performance, trust, and mutual understanding.
