The Embassy of Cambodia Quotes by Zadie Smith

And so last week, at a reading in my city library of Zadie Smith's "The Embassy of Cambodia," what I observed was how this drama plays out sometimes in short fiction: experiment expanding out from established form, like the dislocated figures in early Kandinsky improvisations, or Hilma af Klint's first abstractions of stretched floral O's. In Smith's story, the image in question is that of a badminton game, played behind the tall wall of the Cambodian Embassy in the London suburb ...

The Embassy of Cambodia! Next door to the embassy is a health center. On the other side, a row of private residences, most of them belonging to wealthy Arabs (or so we, the people of Willesden, contend). New Yorker Story Critiques: "The Embassy of Cambodia"

The mission of the United States Embassy is to advance the interests of the United States, and to serve and protect U.S. citizens in Cambodia.

A rare and brilliant story from Zadie Smith, taking us deep into the life of a young woman, Fatou, domestic servant to the Derawals and escapee from one set of hardships to another. Beginning and ending outside the Embassy of Cambodia, which happens to be located in Willesden, NW London, Zadie Smith's absorbing, moving and wryly observed story suggests how the apparently small things in an ordinary life always raise larger, more extraordinary questions.

'It's scale is superficially small, but its range is lightly immense; in the first couple of pages, the world from Ghana to London to Cambodia enters. It is a fiction of consequences both global and heartrenchingly intimate. This voice is global, plural and local, with a delicate grip on historic consequences..... Works on an awesomely global scale, and the relations of slavery and mastership are traced in both personal and international scale.' Philip Hensher, The Guardian 'Reading it is a bit like having a starter in a restaurant that is so good you wish you had ordered a big portion as a main course, only to realise, as you finish it, that it was exactly the right amount.' Zadie Smith has established herself as one of the most iconic, critically respected, and popular writers of her generation. In her first short story collection, she combines her power of observation and her inimitable voice to mine the fraught and complex experience of life in the modern world. Interleaving eleven completely new and unpublished stories with some of her best-loved pieces from *The New Yorker* and elsewhere, Smith presents a dizzyingly rich and varied collection of fiction. Moving exhilaratingly across genres and perspectives, from the historic to the vividly current to the slyly dystopian, *Grand Union* is a sharply alert and prescient collection about time and place, identity and rebirth, the persistent legacies that haunt our present selves and the uncanny futures that rush up to meet

us. Nothing is off limits, and everything—when captured by Smith's brilliant gaze—feels fresh and relevant. Perfectly paced and utterly original, Grand Union highlights the wonders Zadie Smith can do.

A stellar host of writers explore the cornerstone of fiction writing: character. The Book of Other People is about character. Twenty-five or so outstanding writers have been asked by Zadie Smith to make up a fictional character. By any measure, creating character is at the heart of the fictional enterprise, and this book concentrates on writers who share a talent for making something recognizably human out of words (and, in the case of the graphic novelists, pictures). But the purpose of the book is variety: straight "realism"—if such a thing exists—

is not the point. There are as many ways to create character as there are writers, and this anthology features a rich assortment of exceptional examples. The writers featured in *The Book of Other People* include: Aleksandar Hemon Nick Hornby Hari Kunzru Toby Litt David Mitchell George Saunders Colm Tóibín Chris Ware, and more Read Zadie Smith's newest novel, *Swing Time*.

A man stabs an MP at a Meet-the-People Session. But this is not their story. It is the story of the man's girlfriend, an Indonesian maid who wants to get married and become a Singaporean citizen. It is the story of the MP's wife, who tries to cope with her husband's injury and the media spotlight. It is the story of the maid's employer, who is also struggling with

her own tragedy. These three women may mean nothing to each other, but they need one another to survive. The maid, the employer and the MP's wife. Are they all model citizens? Arranged into five sections--In the World, In the Audience, In the Gallery, On the Bookshelf, and Feel Free--this new collection poses questions we immediately recognize. What is The Social Network--and Facebook itself--really about? "It's a cruel portrait of us: 500 million sentient people entrapped in the recent careless thoughts of a Harvard sophomore." Why do we love libraries? "Well-run libraries are filled with people because what a good library offers cannot be easily found elsewhere: an indoor public space in which you do not have to buy anything in order to stay." What

will we tell our granddaughters about our collective failure to address global warming? "So I might say to her, look: the thing you have to appreciate is that we'd just been through a century of relativism and deconstruction, in which we were informed that most of our fondest-held principles were either uncertain or simple wishful thinking, and in many areas of our lives we had already been asked to accept that nothing is essential and everything changes--and this had taken the fight out of us somewhat." Gathering in one place for the first time previously unpublished work, as well as already classic essays, such as, "Joy," and, "Find Your Beach," *Feel Free* offers a survey of important recent events in culture and politics, as well as Smith's own life. Equally at home in the world of good books and bad politics,

"[These essays] reflect a lively, unselfconscious, rigorous, erudite, and earnestly open mind that's busy refining its view of life, literature, and a great deal in between." □Los Angeles Times Split into five sections--Reading, Being, Seeing, Feeling, and Remembering--*Changing My Mind* finds Zadie Smith casting an acute eye over material both personal and cultural.
