Theoretical Perspectives on Gender Sociological theories help to explain complex human behaviors, social phenomena, and social structures. To take a specific example, let's consider how each theoretical perspective might explain the gender wage gap.

Theoretical Perspectives on Gender | Introduction to Sociology

Feminist Theory. Feminist theory is a type of conflict theory that examines inequalities in gender-related issues. It uses the conflict approach to examine the maintenance of gender roles and inequalities. Radical feminism, in particular, considers the role of the family in perpetuating male dominance.

Reading: Theoretical Perspectives on Gender | Sociology

The word gender, like development, had a specific usage before feminist theorists extended its meaning. One of the earliest uses of gender

Learn about the Theoretical Perspectives On Gender | Alison

The pioneering European sociologists, however, also offered a broad conceptualization of the fundamentals of society and its workings. Their views form the basis for today's theoretical perspectives, or paradigms, which provide sociologists with an orienting framework—a philosophical position—for asking certain kinds of questions about society and its people.

Theoretical Perspectives on Gender and Development demystifies the theory of gender and development and shows how it plays an important role in everyday life. It explores the evolution of gender and development theory, introduces competing theoretical frameworks, and examines new and emerging debates. The focus is on the implications of theory for policy and practice, and the need to theorize gender and development to create a more egalitarian society. This book is intended for classroom and workshop use in the fields of development studies, development theory, gender and development, and women's studies. Its clear and straightforward prose will be appreciated by undergraduate and seasoned professional, alike. Classroom exercises, study questions, activities, and case studies are included. It is designed for use in both formal and nonformal educational settings.

Essays cover historical, sociological, psychological and anthropological approaches, ethics and politics, and the policy implications of the real and perceived differences between the sexes

Offers a sociological perspective of gender that can be applied to our lives. Focusing on the most recent research and theory—both in the U.S. and globally—Gender Roles, 6e provides an in-depth, survey and analysis of modern gender roles and issues from a sociological perspective. The text integrates insights and research from other disciplines such as biology, psychology, anthropology, and history to help build more robust theories of gender roles.

Race, Gender, and Deviance in Xbox Live provides a much-needed theoretical framework for examining deviant behavior and deviant bodies within one of the largest virtual gaming communities—Xbox Live. Previous research on video games has focused mostly on violence and examining violent behavior resulting from consuming this medium. This limited scope has skewed criminologists' understanding of video games and video game culture. Xbox Live has proven to be more than just a gaming platform for users. It has evolved into a multimedia entertainment outlet for more than 20 million users. This book examines the nature of social interactions within Xbox Live, which are often

Get Free Theoretical Perspectives On Gender And Development

riddled with deviant behavior, including but not limited to racism and sexism. The text situates video games within a hegemonic framework deploying whiteness and masculinity as the norm. The experiences of the marginalized bodies are situated within the framework of deviance as they fail to conform to the hegemonic norm and become victims of racism, sexism, and other types of harassment.

A landmark publication in the social sciences, Linda Lindsey's *Gender* is the most comprehensive textbook to explore gender sociologically, as a critical and fundamental dimension of a person's identity, interactions, development, and role and status in society. Ranging in scope from the everyday lived experiences of individuals to the complex patterns and structures of gender that are produced by institutions in our global society, the book reveals how understandings of gender vary across time and place and shift along the intersecting lines of race, ethnicity, culture, sexuality, class and religion. Arriving at a time of enormous social change, the new, seventh edition extends its rigorous, theoretical approach to reflect on recent events and issues with insights that challenge conventional thought about the gender binary and the stereotypes that result. Recent and emerging topics that are investigated include the #MeToo and LGBTQ-rights movements, political misogyny in the Trump era, norms of masculinity, marriage and family formation, resurgent feminist activism and praxis, the gendered workplace, and profound consequences of neoliberal globalization. Enriching its sociological approach with interdisciplinary insight from feminist, biological, psychological, historical, and anthropological perspectives, the new edition of *Gender* provides a balanced and broad approach with readable, dynamic content that furthers student understanding, both of the importance of gender and how it shapes individual trajectories and social processes in the U.S. and across the globe.

Gendering Theory in Marketing and Consumer Research showcases state-of-the-art scholarship on gender in the field of marketing and consumer research. The book presents seven original contributions by a group of internationally renowned academics, who take up the task of theorising gender and gendering theory in new ways, accommodating recent intersectional, material-discursive, and practice-oriented theorisations. Connecting the study of marketing and consumer behaviour to different theoretical perspectives on gender, the contributors explore and critically examine the gendered nature and dimensions of contemporary marketplace activity. Through innovative conceptual development and insightful empirical analyses, the book offers important scholarly contributions to the literature on gender, marketing, and consumer research, and advances our understanding of gender as lived experience and socially regulated performance. It also frequently employ an intersectionalist perspective, theorising gender as only a part of one's subject position, which is constituted by mutually reinforcing categories. The book will be essential reading for students, scholars, and practitioners who are interested in the implications and contemporary manifestations of gender as a cultural category in the marketplace. This book was originally published as a special issue of the *Journal of Marketing Management*.

In *Gender Inequality: Feminist Theories and Politics*, Fifth Edition, internationally renowned feminist Judith Lorber examines various evolving theories of gender inequality. Tightly structured around Lorber's own paradigm of "reform, resistance, rebellion," this combination text/reader acknowledges feminism's significant contributions to redressing gender inequality and celebrates its enormous accomplishments over the last forty years. It also documents feminism's ongoing political activism, and, with an awareness of postmodern and third-wave trends, points toward its future. The fifth edition features eight new readings and five significantly rewritten, reorganized, and updated chapters, including

one on transnational feminism, which encompasses Africa, Asia, and Latin America. Other rewritten chapters are Psychoanalytic and Cultural Feminism, Social Construction Feminism, Postmodern Feminism and Queer Theory, and Third Wave Feminism. As before, the bulleted lists introducing each type of feminism include the feminism's theories of the sources of gender inequality, its politics, its contributions, and a critique. An accessible, engaging classic written by one of sociology's first feminists, *Gender Inequality: Feminist Theories and Politics*, Fifth Edition, is an ideal undergraduate and graduate text for courses in introductory feminism, feminist theory, and women's studies.
