The USB port on the TI-84 Plus series is USB On-The-Go compliant, similar to the next generation TI-Nspire calculator, which supports connecting to USB based data collection devices and probes, and supports device to device transfers over USB rather than the via Link port. Although graphing calculators have been called inexpensive in education reform research, the TI-84 Plus Silver Edition was \$129.99 in 2008 on the TI online store.
