Download the first five chapters of UNREMEMBERED by Jessica Brody! With no memories and no identity, the sixteen-year-old girl who was found floating among the wreckage of a devastating plane crash knows only one thing for certain: nothing is what it seems. Crippled by a world she doesn't know, plagued by abilities she doesn't understand, and haunted by a looming threat she can't remember, seraphina struggles to piece together her forgotten past and discover who she really is. But with every clue comes more questions. And she is running out of time to answer them. Her only hope is a strangely alluring boy who claims to know her from before the crash. Who claims they were in love. But can she really trust him? And will he be able to protect her from the people who have been making her forget? Buy UNREMEMBERED by Jessica Brody on March 5, 2013!

So many secrets are buried within these compound walls. I used to be one of those secrets. After returning to the Diotech compound and undergoing an experimental new memory alteration, Seraphina is now a loyal, obedient servant to Dr. Alixter and the powerful company that created her. Happy and in love with Kaelen, another scientifically-enhanced human designed to be her perfect match, Sera's history with a boy named Zen is just a distant memory from a rebellious past she longs to forget. But as Sera and Kaelen embark on a nationwide tour to promote Diotech's new product line—a collection of controversial genetic modifications available to the public—Sera's mind starts to rebel. She can't stop the memories of Zen from creeping back in. As more secrets are revealed, more enemies are uncovered, and the reality of a Diotech-controlled world grows closer every day, Sera will have to choose where her true loyalties lie, but it's a choice that may cost her everything she's ever loved.

When Freedom Airlines flight 121 went down over the Pacific Ocean, no one ever expected to find survivors. Which is why the sixteen-year-old girl discovered floating among the wreckage—alive—is making headlines across the globe. Even more strange is that her body is miraculously unharmed and she has no memories of boarding the plane. She has no memories of her life before the crash. She has no memories period. No one knows how she survived. No one knows why she wasn't on the passenger manifest. And no one can explain why her DNA and fingerprints can't be found in a single database in the world. Crippled by a world she doesn't know, plagued by abilities she doesn't understand, and haunted by a looming threat she can't remember, Seraphina struggles to piece together her forgotten past and discover who she really is. But with every clue only comes more questions. And she's running out of time to answer them. Her only hope is a strangely alluring boy who claims to know her from before the crash. Who claims they were in love. But can she really trust him? And will he be able to protect her from the people who have been making her forget? From popular young adult author Jessica Brody, Unremembered is the start of a compelling and suspenseful new sci-fi series, set in a world where science knows no boundaries, memories are manipulated, and true love can never be forgotten.

Download the first five chapters of Unforgotten, the second book in Jessica Brody's Unremembered Trilogy. After a daring escape from the scientists at Diotech who created her, Seraphina believes she is finally safe from the horrors of her past. But new threats await Sera and her boyfriend, Zen, at every turn as Zen falls prey to a mysterious illness and Sera's extraordinary abilities make it more and more difficult to stay hidden. Meanwhile, Diotech has developed a dangerous new weapon designed to apprehend her. A weapon that even Sera will be powerless to stop. Her only hope of saving Zen's life and defeating the company that made her is a secret buried deep within her mind. A secret that Diotech will kill to protect. And it won't stay forgotten for long.

A voyage of exploration to the outer reaches of our inner lives. UFOs are a myth, says David J. Halperin—but myths are real. The power and fascination of the UFO has nothing to do with space travel or life on other planets. It's about us, our longings and terrors, and especially the greatest terror of all: the end of our existence. This is a book about UFOs that goes beyond believing in them or debunking them and to a fresh understanding of what they tell us about ourselves as individuals, as a culture, and as a species. In the 1960s, Halperin was a teenage UFOlogist, convinced that flying saucers were real and that it was his life's mission to solve their mystery. He would become a professor of religious studies, with traditions of heavenly journeys his specialty. With Intimate Alien, he looks back to explore what UFOs once meant to him as a boy growing up in a home haunted by death and what they still mean for millions, believers and deniers alike. From the prehistoric Balkans to the deserts of New Mexico, from the biblical visions of Ezekiel to modern abduction encounters, Intimate Alien traces the hidden story of the UFO. It's a human story from beginning to end, no less mysterious and fantastic for its earthliness. A collective cultural dream, UFOs transport us to the outer limits of that most alien yet intimate frontier, our own inner space.

Wordsworth has traditionally been understood as the 'poet of memory'. This book argues that 'unremembered pleasure', an idea Wordsworth formulates in 'Intern Abbey' but is often overlooked by modern readers, is central to understanding his writing. Wordsworth's poems discover and articulate a broad range of previously unfelt, unnoticed, and unconscious satisfactions. As well as providing new interpretations of major and under-studied writing by Wordsworth, this volume challenges a long tradition of psychoanalytic reading of Romanticism, which uses trauma to explain the limits of literary memory. The book contests key psychoanalytic concepts in literary criticism including repression, sublimation, mourning, and pleasure. It asks what it would mean for us to be 'surprised by joy'.

In the deep woods of East Texas, Henry supports his family by selling bootleg liquor. It's all he can do to keep his compassionate but ailing mother and his stepfather—a fanatical grassroots minister with a bruising rhetoric—from ruin. But they have no idea they've become the obsession of the girl in the woods. Abandoned and nearly feral, Eve has been watching them, seduced by the notion of family—something she's known only in the most brutal sense. Soon she can't resist the temptation to get close. Where Henry's mother sees a poor girl in need, his father sees only wickedness. When Henry forges an unexpected bond with Eve, he believes he might be able to save her. He doesn't know how wrong he is. Eve is about to take charge of her own destiny—and that of Henry's family. As both their worlds spin violently out of control, Henry must make an impossible choice: protect the broken young woman who's claimed a piece of his soul, or put everyone he loves at risk in order to do the right thing.

Millennia after a god is condemned to live among the hateful creatures he has created, the magical veil entrapping the god and his monsters weakens, compelling bow hunter Than Junell and his companions to undertake a dangerous and secret journey to protect their people.

Some memories are better left forgotten After a daring escape from the Diotech scientists who created her, Seraphina and Zen believe they are finally safe from the horrors of her past. But new threats await them at every turn as Zen falls prey to a mysterious illness and Sera's extraordinary abilities make it more and more difficult to stay hidden. Meanwhile, Diotech has developed a dangerous new weapon designed to apprehend Sera. A weapon that even Sera will be powerless to stop. Her only hope of saving Zen's life and defeating the company that made her is a secret buried deep within her mind. A secret that Diotech will kill to protect. And it won't stay forgotten for long. Packed with mystery, suspense, and romance, Unforgotten is the riveting second installment of Jessica Brody's Unremembered trilogy, and delivers more heart-pounding action as loyalties are tested, love becomes a weapon, and no one's memories are safe.

Poems—specifically romantic poems, such as those by Thomas Gray, William Wordsworth, and John Keats—link what goes unremembered in our reading to ethics. In "Intern Abbey," for example, Wordsworth finds in "little . . . unremembered . . . acts" the chance to hear the "still, sad music of humanity." In The Poetics of Unremembered Acts, Brian McGrath shows that poetry's capacity to address its reader stages an ethical dilemma of continued importance. Situating romantic poems in relation to Enlightenment debate over how to teach reading, specifically debate about the role of poetry in the process of learning to read, The Poetics of Unremembered Acts develops an alternative understanding of poetry's role in education. McGrath also explores the ways poetry makes ethics possible through its capacity to pass along what we do not remember and cannot know about our reading.
