This volume chronicles RAND's involvement in researching insurgency and counterinsurgency in Vietnam, Laos, and Thailand during the Vietnam War era and assesses the effect that this research had on U.S. officials and policies. Elliott draws on interviews with former RAND staff and the many studies that RAND produced on these topics to provide a narrative that captures the tenor of the times and conveys the attitudes and thinking of those involved.

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the

Pulitzer Prize and the National Book Critics Circle Award.

Offering what is sure to be a controversial perspective on America's most painful war, the author proposes that Vietnam should have been fought, but with different tactics.

In this introduction to the representations of the Vietnam War in American history, literature and film, Mark Taylor offers a concise, interdisciplinary approach to this most popular but complex of subjects. His aim is to show the intricate nature of crucial events in Vietnam, indicate the different ways in which historians and other writers and filmmakers have sought to make sense of them, and explore the sorts of truths which each claims to be telling - how can we know what is authentic?

Original Scholarly Monograph

Addressing issues of continuing if not heightened relevance to contemporary debate, *America at the Brink of Empire* explores the foreign policy leadership of Dean Rusk and Henry Kissinger regarding the extent of the United States' mission to insure a stable world order. Lawrence W. Serewicz argues that in the Vietnam conflict the United States experienced an identity crisis—a near Machiavellian moment, to use the concept of J. G. A. Pocock—whereby America came close to assuming an imperial role, stretching the country to the limits of its identity as a republic. Serewicz offers a revealing look at the parts played by Rusk and Kissinger—and President Lyndon Johnson—in bringing the nation to the brink of empire in the years 1963–75. As a true believer in liberal internationalism, Rusk set the stage by defining the war in Vietnam as a threat to the world order based on the United Nations security system created after World War II. Johnson kept an open-ended commitment in Vietnam without a clear goal in sight even as he pursued the ambitious domestic reforms of the Great Society. In refusing to choose between either an imperial mission or a true republican position for the nation, he brought it perilously close to becoming an empire, ultimately failing to achieve his goals either at home or abroad. Kissinger corrected for Johnson's overreach, implementing a pragmatic realism based upon the principle that the United States is an ordinary country—a republic, not an empire—within the international community and therefore must balance its commitments with its resources. In concluding, Serewicz reflects on the continuing relevance of the Machiavellian moment for the United States by observing the differences and similarities between the presidencies of Johnson and George W. Bush. *America at the Brink of Empire* illuminates the far-reaching consequences of Rusk's and Kissinger's widely divergent foreign policy philosophies and outlines the tension that a statesman must reconcile between a republican government and the maintenance of a stable world order.

Describes Soviet efforts to end the war, and assesses the influence of the war on Soviet foreign policy

Inspiring and sometimes tragic personal stories of five Amerasian children left behind after the Vietnam War

Lessons of the Vietnam War covers all facets of the war from a diversity of perspectives.
